Summary

My portfolio: https://fasilkppl.github.io/portfolio/
Github: https://github.com/fasilkppl

Hi there! I'm a self-taught programmer and web developer with a
strong passion for machine learning and Artificial Intelligence. I'm
currently pursuing a Bachelor's degree in Mechatronics engineering
at Malabar College of Engineering and Technology, and I'm also a
freelance web developer on Fiverr.

I have experience in developing many websites including an e-
commerce website and an official website for my college.

I'm always looking for new opportunities in web development,
data science, ml, Ai and I'm excited to connect with like-minded
professionals on LinkedIn. Please feel free to reach out if you'd like
to chat or collaborate!

Experience

CognoRise InfoTech
Data Science Intern
June 2024 - Present (1 month)

Le FORM VENTURA GLOBAL
Future Technology Trainer
May 2024 - June 2024 (2 months)
Riyadh, Saudi Arabia

I teach web and app development, as well as data science. I help learners
master coding languages and frameworks to create dynamic websites and
mobile applications. Additionally, I guide them in understanding data analysis,
machine learning algorithms, and statistical models, enabling them to extract
insights from complex datasets.

Innovation and Entrepreneurship Development Cell | IEDC MCET
Chief Technology Officer
August 2023 - June 2024 (11 months)
Shoranur, Kerala, India

Selected as the Chief Technology Officer (CTO) of the Innovation and Entrepreneurship Development Centre (IEDC), I have been entrusted with the responsibility of driving the technological vision of the organization. In this role, I am responsible for overseeing all technical aspects and guiding the technological direction of the organization. This position allows me to leverage my technical expertise and leadership skills to foster an environment of innovation and entrepreneurship.
